

## XIM<sup>™</sup> Ignition Module

The FAST<sup>™</sup> XIM<sup>™</sup> Ignition Module lets you easily install the FAST<sup>™</sup> XFI<sup>™</sup> Fuel Injection System on many distributor-less ignition type EFI engines. It's a simple plug and play installation with factory type connectors that plug into your factory sensors. Popular applications using the XIM<sup>™</sup> include the General Motors Gen III/LS engine series, Ford Modular and Chrysler EFI Hemi.

- Lets you install a FAST<sup>™</sup> EFI system on any distributor-less ignition engine
- Use factory type connectors for an easy, plug-and-play installation

DESCRIPTION	PART NO.
XIM <sup>™</sup> Ignition Module (No Harness)	305008
GM LS1/LS6 XIM <sup>™</sup> Kit w/ Harness	301311
GM LS2/LS7 XIM <sup>™</sup> Kit w/ Harness	301312
GM LS1/LS2/LS6/LS7 XIM <sup>™</sup> Connector Kit	301311K
Ford Modular Coil-On-Plug XIM <sup>™</sup> Kit w/ Harness	301313
Ford Modular Coil-On-Plug XIM <sup>™</sup> Connector Kit	301313K
Chrysler 6.1L EFI Hemi XIM <sup>™</sup> Kit w/ Harness	301314
Chrysler 6.1L EFI Hemi XIM <sup>™</sup> Connector Kit	301314K
Universal XIM <sup>™</sup> Kit w/ Harness	301315
Universal XIM <sup>™</sup> Connector Kit	301315K
Chrysler 5.7L EFI Hemi XIM <sup>™</sup> Kit w/ Harness	301316
Chrysler 5.7L EFI Hemi XIM <sup>™</sup> Connector Kit	301316K

## Dual-Sync Billet Distributors

The new FAST<sup>™</sup> Dual-Sync Billet Distributors are an easy, drop-in, plug-and-play solution for fully sequential high performance V8 EFI engine applications. Featuring reluctors and pick-ups that have been properly aligned right out of the box, they eliminate the need to set crankshaft reference angles or rotor phasing manually before installation. FAST<sup>™</sup> dual-sync distributors feature housings that are CNC-machined from high-quality 6061-T6 billet aluminum and include adjustable slip collars to ensure perfect cam gear alignment. Using high output magnetic pick-ups to generate high capacity, noise resistant, discrete switching signals to the XFI<sup>™</sup> ECU, they deliver extremely precise ignition timing and long life.

DESCRIPTION	PART NO.
Small/Big Block Chevrolet Dual Pick-Up Distributor	305005
Small Block Ford Dual Pick-Up Distributor	305007
Windsor Ford Dual Pick-Up Distributor	305009
FE Ford Dual Pick-Up Distributor	305010
Mopar Small Block Dual Pick-Up Distributor	305011
B Engine (383-400) Mopar Dual Pick-Up Distributor	305012
RB Engine (426-440) Mopar Dual Pick-Up Distributor	305013
